WSCA-NASPO COMPUTER CONTRACTS

BULLETIN NO. 9

Educational Packages Added

The Master Price Agreements with Gateway and Hewlett Packard have been amended to add Educational Packages. The amendments are based on the Contractors' responses to the RFP that opened on October 13, 2005.

The amended MPA's, detailing the packages that were added, are on our website.

Remember, as these Amendments change the terms and conditions of the Master Agreement, which are incorporated in your entity's Participating Addendum, you **MUST** amend your Participating Addendum if you do **NOT** want to allow your agencies to avail themselves of these educational packages.
